Introduction

The 2005 Indiana Probation Report

The 2005 Indiana Probation Report represents an annual compilation of workload data and an overview of funds expended on probation personnel. It is prepared by the Division pursuant to Administrative Rule 1(C) of the Indiana Rules of Court and I. C. § 11-13-1-4. The Division published the first Indiana Probation Report in 1981, when the statutory duty was created.

Probation Services

Probation services in Indiana fall within the supervisory authority of the judiciary; the probationer remains under the sentencing court's jurisdiction until completion of the term of probation. By contrast, parole services are part of the Department of Correction, an executive branch agency.

The Judicial Conference of Indiana, through recommendations of the Judges' Probation Committee and the Probation Officers' Advisory Board, sets guidelines, standards for qualification, and governing policies for probation officers. The Judicial Conference of Indiana prescribes minimum standards for compensation, serves as Compact Administrator of the Interstate Compact and oversees the training and education of probation officers by the Indiana Judicial Center.

Probation officers are trial court employees and are subject to the appointment and supervisory power of the courts that they serve. The organization of probation departments

and their related services reflects the diverse nature of Indiana's local court structures.

In 1988, the Indiana General Assembly authorized the use of home detention, with or without electronic monitoring, as a condition of probation. Home detention programs are operated by both probation departments and community corrections agencies.

As of September 30, 2005, thirty-one probation departments were supervising adult probationers and juvenile probationers through home detention, either with or without electronic monitoring. These departments collected \$1,730,089.25 in home detention user fees between October 1, 2004 and September 30, 2005. These fees are charged in addition to probation user fees. Community Correction agencies collected over \$10,419,673.63 from individuals being electronically monitored on home detention.

Home detention supervisions are counted as "Other" supervisions for purposes of this report and are included in the aggregate supervisions reflected herein. A detailed report on Indiana's home detention program is available from the Indiana Judicial Center.

By statute, the Judicial Conference of Indiana administers the Interstate Compact for the transfer of adult and juvenile probationers in and out of Indiana and serves as the intermediary

for the return of juvenile runaways, absconders, and escapees. From July 1, 2004 to June 30, 2005, 1,669 probationers transferred into Indiana and 1,687 probationers transferred out of Indiana under the Interstate Compact.¹

Funding of Probation Services

Probation services, similar to most other trial court operations, are supported almost entirely through local expenditures. Many counties fund probation functions through the budgets of the trial courts. In the more populous counties, the probation office often submits a separate budget to the local funding authority. Some of the probation costs, which may be defrayed by the collection of adult and juvenile probation user fees set by statute, are paid to the probation departments and are used for probation services. Counties that have established and maintain juvenile detention facilities reflect this substantial expenditure as a probation expense.

Because many counties do not have a separate probation budget, non-personnel expenditures are absorbed within the court's expenditures, making it impossible to derive a complete picture of all probation-related expenditures. This report does include probation personnel positions, a range of compensation, and such other probation expenditures as the probation departments have reported.

Fiscal Data

The 2005 data collected on the Annual Operations Report, indicates that county trial courts could identify \$55,508,328

spent on salaries of probation officers and probation office staff. The salary expenditures of the city and town court probation departments were an additional \$1,669,186. This represents approximately 29 percent of all expenditures on the operation of the courts. This amount, however, was offset by the collection of adult and juvenile probation user fees. In 2005, \$18,876,499 was collected statewide in adult probation user fees and \$2,185,224 in juvenile user fees, for a total of \$21,061,723. These revenues also represent a 9.4 percent increase from the previous year.

Many probationers are ordered to pay restitution as a condition of probation. These funds are usually collected and distributed to the appropriate recipient by the clerk's office or the probation department. In 2005, probationers paid \$7,669,948 for distribution to aggrieved parties.

Summary of 2005 Caseload Data

The probation caseload information presented in this report was submitted to the Division on a quarterly basis. It reflects the number of adult and juvenile supervisions pending at the beginning and end of the year, the number received and the number of supervisions closed during the reporting year.

Beginning in 1996, Indiana's probation departments began mandatory use of a probation classification and workload measures system. Thus, probationers are assigned to supervision based on the relative risk of committing a new offense while on probation. The statistical information reflects the

¹ Information provided by the Judicial Conference of Indiana 2005 Agency Report.

relative risk levels of probationers on supervision as of December 31, 2005. The report also reflects data on the manner of disposition concluding the supervision. The juvenile data provides information on the total number of juvenile referrals, preliminary inquiries, and predisposition reports.

Despite the fact that the number of new felony supervisions increased in 2005, the overall number of new probation supervisions received during 2005 decreased. New felony supervisions received during 2005 increased by 1,375, a rise of 4.4 percent over last year. Misdemeanor supervisions decreased by 1,494, down 2.2 percent, and juvenile supervisions went down by 473, a decrease of 2 percent. The overall number of new supervisions decreased by 592. In the adult category, 98,995 persons were placed on probation during the reporting year, a number that could have resulted in

increased inmate population in the Department of Correction absent the probation system.

While the number of new supervisions received in 2005 is less than were received in 2004, the total number of supervisions pending at the end of the year is up from 2004. At the end of 2005, Indiana probation departments were supervising 145,789 adults and juveniles, up 1.3 percent from the previous year.

During 2005, there were approximately 1,169 professional probation officers and approximately 558 other employees providing probation services throughout Indiana.

The information compiled in this report would not be possible without the cooperation and contribution of the probation officers and their staff.
